SKILLS

React | Redux | JavaScript | Node.js
| PostgreSQL | HTML5 | CSS3 |
SCSS

EDUCATION

DevMountain, Lehi, Utah

04/2019 – 07/2019

Full-Stack Development program with emphasis on JavaScript, HTML, CSS, React, Node.js, Express, Massive, PostgreSQL.

Developed web apps regularly, while improving skills with projects and in-class demos.

PROJECTS

Watch My Growth - Personal project

Developed a full-stack web application that can chart out your child's growth from birth to 20 years old, giving the user the ability to compare their children against the CDC charts. I used React /Node.js / Express.js / PostgreSQL / Chart.js / AmazonS3.
